

Volunteer Role

Role: Auditorium Usher

The problem this ministry solves is:

Guests are blown away by the level to which you went out of your way to engage them in a friendly manner by proactively greeting & seating them, and providing communion and assistance where necessary.

Why this position matters:

In this role, we are able to help minimize confusion during the worship experience, to help people grow closer to Jesus.

A win looks like:

Attendees are proactively greeted, guided to their seats, and if opportunity permits, engage in a welcoming, accepting Level 1 conversation.
